

EMS INTEROPERABILITY TASK FORCE

Feb 16, Mar 9, Apr 13, May 11, Jun 8, Jul 13,
Aug 10, Sep 14, Oct 12, Nov 9, Dec 14
2023, 11 AM - 12:30 PM MT

Join the EMS Interoperability Task Force!

Bringing together EMS and healthcare data system developers, along with other stakeholders, to tackle interoperability challenges. Our mission: ensure patient histories reach EMS providers, EMS reports are sent to hospitals, and hospitals provide outcomes to EMS crews.

Join us on Thursday, February 16th at 11am MT when the topic will be:

"Identifying data exchange partners and establishing relationships."

Subsequent topics will include:

- Governmental, regulatory, and contractual environment
- Healthcare data standards
- Technical standards and profiles to use in data exchanges
- Data elements to be shared and parsed
- APIs
- Sequence of interactions/workflow
- Patient identification and record matching
